BioBalance® – True to your Nature®

Always read the label and use as directed.  
 Supplementary to a balanced diet.  
 TAPS Code: PP9267

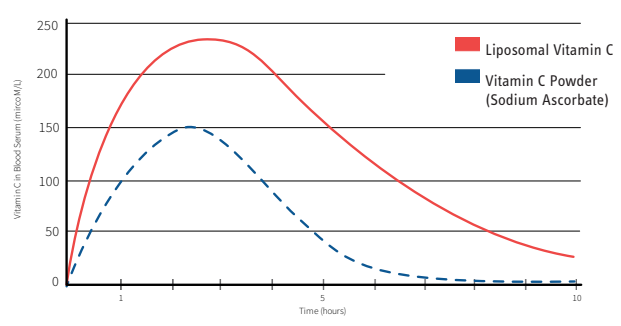

## BioBalance® Liposomal Range – Why does it work?

The BioBalance Liposomal Range has a superior way of getting nutrients into the body, with Liposomes.

Liposomes are tiny double-layered nano particles made from essential phospholipids (fats) that naturally form an outer shell around the nutrient. Working on a cellular level, liposomes are able to navigate the digestive system and go very rapidly into your bloodstream. This is why liposomes work faster and are more effective than tablets, capsules, gels or powders.

Graph: Blood serum levels of Vitamin C as a function of time after the subjects ingested a single 5g dose of Vitamin C. (No claims implied.)

**Liposomal Vitamin C 180ml & 300ml**

BioBalance Liposomal Vitamin C offers powerful and fast-acting support for the body's immune system and aids quick recovery from ills and chills. Vitamin C is a vital nutrient in all of the hormones produced by the adrenal glands, and is rapidly used up during periods of stress.

**Support For**

- ✔ Superior absorption
- ✔ Quick recovery from ills & chills
- ✔ Powerful antioxidant action
- ✔ Iron absorption
- ✔ Wound healing
- ✔ Natural resistance to allergens

## Fast-acting Immune Support for the whole Family

## Muscle Relaxation & Sleep Support

### Liposomal Magnesium 300ml

BioBalance Liposomal Magnesium is a unique formulation providing 200mg of high-potency magnesium via certified non-GMO liposomes. Magnesium is an essential mineral required by our bodies for healthy heart, brain, muscle and bone function, and often lacking in our diets.

#### Support For

- ✓ Normal relaxation of muscles
- ✓ Healthy sleep patterns
- ✓ Healthy brain and nerve function
- ✓ Healthy heart and blood pressure
- ✓ Growing strong bones
- ✓ Detoxification

## Triple Potent Antioxidant Action

### Liposomal Turmeric Complex 180ml

BioBalance Liposomal Turmeric Complex is an ideal combination to support comfortable mobility and natural joint repair.

### Liposomal CoQ10 180ml

CoQ10 is a substance found in all cells and tissues, especially in the heart. It's a catalyst for cellular energy production and vital for heart and blood health.

### Liposomal Glutathione 120ml

Glutathione (GSH) is a protein naturally produced in our bodies all the time, often described as the "Mother of All Antioxidants". It's key to help neutralise and remove toxins.

## Stress & Energy Vitamins When You Need Them

### Liposomal BioActive B Complex 120ml & 300ml

Liposomal BioActive B Complex™ is a unique formula that delivers B vitamins directly into the cells for optimal absorption. All the essential B vitamins are in their bioactive forms, so better utilised by the body than the inactive synthetic forms in most supplements.

#### Support For

- ✓ Stress response, nerves and adrenals
- ✓ Energy production
- ✓ Healthy metabolism
- ✓ Optimal B vitamin uptake
- ✓ Preconception & pregnancy health
